

Advanced EQ Trainer Certification

In addition to powerful EQ tools, Six Seconds' programs work because we teach the way the brain learns. This brain-based, humanistic, emotionally rich pedagogy creates transformational learning experiences by engaging head, heart, and hands. Join this course to learn how.

You've experienced the incredible power of Six Seconds' teaching.

Come learn how to deliver it.

Certification Benefits

In this course you will...

- Learn how to train and teach the Six Seconds' way.
- Become more effective as a trainer / teacher.
- Brush up on the latest science of learning - including neuroplasticity, hot cognition, and the primary routes of information processing.
- Strengthen your "stage skills."

Supercharge your training and teaching by developing skill with Six Seconds' learning methodology.

This is a practical "learn by doing" program for graduates of Six Seconds EQ Certification program.

The first two days of the course provide a foundation of key concepts and skills that make this learning method work. Then, in the second two days, you work in small groups to practice, give and receive feedback, and practice more.

This course allows you to:

- Identify yourself as a Six Seconds Certified Advanced EQ Trainer
- Use the **EQ Toolkit** curriculum that is content from the "EQ Certification" course (aka "Level 1").
- Deliver Six Seconds' content with greater efficacy and stronger results.

You will discover more about learning, the brain, emotions, and the Six Seconds teaching/training philosophy. Plus, you'll gain a deeper understanding of the model and how to focus teaching/training around key competencies.

Certification requires demonstration of competence through post-session coaching to plan final practicum: delivery of 5 hours of training (including video taping 1 hour), and debriefing with coach.

“The EQAT provided a new set of skills and tools to deepen program design and delivery. We’ll use this approach to build transformational learning so our leaders are even more effective at strengthening relationships with employees and customer. This course is a must for any company committed to excellence in learning and development to unlock human potential.”
